“A School of Choice”

Dear Parent or Guardian,

In an effort to better address the health needs of students, the State of Massachusetts requires that throughout the 2023-2024 school year, the school district must perform health screenings on children in **grades 7 -10**.

The screening includes obtaining a height and a weight for **grades 7 and 10**.

Postural screening (scoliosis check) for **grades 7, 8, and 9**. Hearing and vision screening for grades 7 and 10. A trained school nurse will complete all screenings with strict adherence to confidentiality of each child and adolescent screened.

IF YOU DO NOT WANT YOUR CHILD TO PARTICIPATE IN ANY OF THESE SCREENINGS, PLEASE COMPLETE AND SIGN THE FORM BELOW AND RETURN TO THE NURSE BEFORE November 6, 2023.

If you have any questions or concerns, please feel free to contact me at the number listed below.

Thank you.

Maureen Floyde RN

North Brookfield Jr/Sr High School Nurse

508-867-7131

mfloyde@nbschools.org.

I **DO NOT** want my child to participate in the following screenings (please check all that apply): Height____, Weight____, Posturals____, Vision____, Hearing____

Child's Name: _____

Parent or Guardian's signature: _____

Date: _____
